Go Anywhere Food Packs

■ Customisable Long Life Meal Packs ■ Electrolytes/Hydration ■ Self Heating Meals

Quartermaster Australia specialises in providing meal packs and electrolyte solutions for emergency services and for general outdoor use.

We believe we provide a unique service using the best products we can source. We also have our own range of quality food products manufactured exclusively for Quartermaster Australia.

Key to our food packs are their simplicity to heat (if required) and great flavours. We also custom make packs to suit customers needs and are happy to discuss this and to give advice.

Please feel free to contact us if you have any enquiry.

Feeding Solutions

All packs are shelf stable and do not require refrigeration. All items in all packs can be consumed straight from the pack with no preparation. However, the meal main components flavour does improve with heating. The Hotpack self heaters that come with most main meal packs makes heating meals simple, just add water and 12 minutes later you have a hot meal!

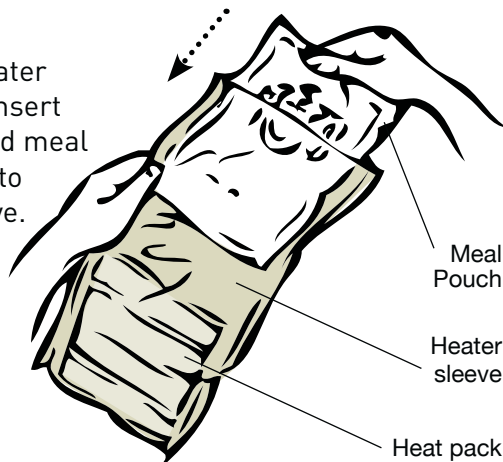

Self Heating Meals

Quartermaster Australia use Non Magnesium Flameless Ration Heater[®] (NMFRH) from Canland UK (Hot Pack) Ltd. Quartermaster Australia are the exclusive agents for Canland UK in Australia and New Zealand and believe these to be the best ration heaters available as they do not produce an odour during activation that some other heaters can produce. All meals come in a bag with the meal (300-350gms), spoon and heater, you just need to provide 45gm of water!

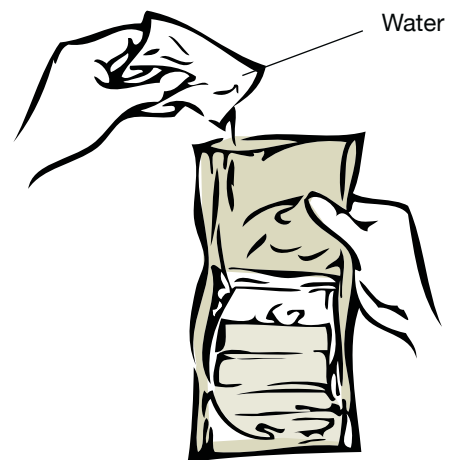

Step 1.

Open heater sleeve. Insert unopened meal pouch into the sleeve.

Step 2.

Add water to heater sleeve up to fill line (45ml).

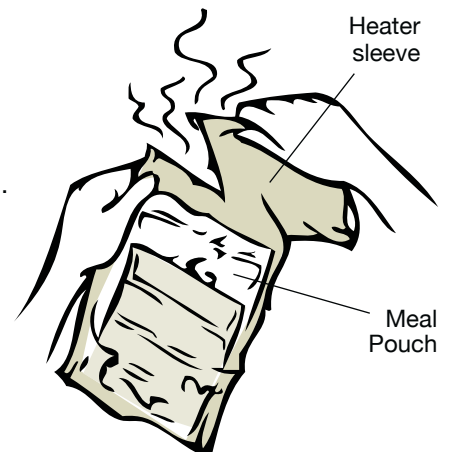

Step 3.

Fold sleeve over meal and insert back into bag. Make sure heat pack is under meal. Leave flat.

Step 4.

Ready in 12 minutes. Tear heater sleeve where indicated. Remove meal pouch.

Feeding Solutions

Moroccan Lamb

A "Tagine" recipe with succulent pieces of tender lamb with chickpeas, raisins and vegetables infused with exotic spices, a subtly sweet and flavoursome dish.

Thai Chicken Curry

Chicken marinated in fragrant oriental spices then cooked in an authentic Thai curry with rice added to create a convenient all in one meal.

Thai Lamb Curry
